PROJECT IND. A-14

WHEREAS, the Fort Wayne Redevelopment Commission, governing body of the City of Fort Wayne, Department of Redevelopment, has made investigations, studies and surveys of various blighted, deteriorated and deteriorating areas within the City of Fort Wayne, Indiana and of the causes contributing to the blighting and deterioration of such areas; and

WHEREAS, such investigations, studies and surveys have been made in cooperation with the various departments and bodies of said City and have been directed toward determining the proper use of land and improvements thereon so as to best serve the interests of the City and its inhabitants, both from the standpoint of human needs and economic values, and as a result of such investigations, studies and surveys, the Commission has found that the areas hereinafter described have become blighted, deteriorated and deteriorating to such an extent that such conditions cannot be corrected by regulatory processes or by the ordinary operations of private enterprise, without resort to the provisions of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended and Supplemented) and that the public health and welfare would be benefited by the acquisition and urban renewal of such areas under the provisions of said Act; and

WHEREAS, the Commission now further finds that the areas hereinafter described, because of the lack of development, cessation of growth, deterioration of improvements and character of occupancy, age and obsolescence, substandard character of the buildings and other factors which have impaired values and prevented a normal development of the land included in said areas or the use thereof, has become under current conditions undesirable for or impossible of normal development and occupancy; and

WHEREAS, the Commission now finds (a) that the hereinafter described areas within said City have become and now are blighted, deteriorated and deteriorating to such an extent within the meaning of the Redevelopment of Cities and Towns Act of 1952 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended and Supplemented) that such conditions cannot be corrected by regulatory processes or the ordinary operations of private enterprise without resort to the provisions of said Act; (b) the public health and welfare would be benefited by the acquisition and urban renewal of said area under the provisions of said Act; (c) said hereinafter described blighted, deteriorated and deteriorating areas constitute a menace to the social and economic interests of the City of Fort Wayne and its inhabitants; (d) the acquisition and urban renewal of such areas in accordance with plans outlined by the Commission will be of public utility and benefit to the City of Fort Wayne and its inhabitants; and

WHEREAS, the Commission has heretofore caused to be prepared maps and plats showing the boundaries of the hereinafter described blighted, deteriorated and deteriorating areas, the location of the various parcels of property, streets, alleys and other features affecting the acquisition, clearance, re-planning, rezoning or urban renewal of such areas, indicating any parcels of property to be excluded from the acquisition and the portions of the areas acquired which are to be devoted to streets, alleys, sewerage, playground and other public purposes under the urban renewal plan; also a list of the owners of the various parcels of property proposed to be acquired, all of which, appropriately identified by numbers, were filed on this date with the Commission; and

WHEREAS, the United States of America, acting by and through the Department of Housing and Urban Development (hereinafter referred to as "HUD") has made a Grant to the City of Fort Wayne for use in the acquisition and urban renewal of said areas; and

WHEREAS, said Grant is identified by HUD as Neighborhood Development Program Project IND. A-14; and

WHEREAS, said Grant is conditioned upon the City of Fort Wayne's submitting a plan to HUD by April 1, 1973; and

WHEREAS, the time restrictions attendant upon the announcement of said Grant and the deadline for submission of said plan are such that there has been no opportunity to cause separate appraisals to be made by two independent appraisers of the fair value of each of the parcels of property to be acquired but said appraisals are presently being made for submission to the Commission and for ratifications by the Commission of this resolution as amended by the data contained in the appraisals; and

WHEREAS, it is estimated from data within the possession of the Commission that the total cost of acquiring the property in the blighted, deteriorated and deteriorating areas hereinafter described shall not exceed the sum of \$500,000.
